Comment:

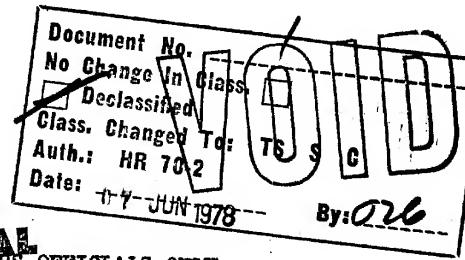

No information is available on an aircraft plant in ARMAVIR. Since an airfield with a pilot school was located in ARMAVIR during the war, an aircraft repair plant is possibly also located there. This repair plant may have been improved after the war by the use of dismantled German equipment.

The existence of a plant No 183 has not been reported. The report requires confirmation.

1 Annex: Aircraft Plant in ARMAVIR, Krasnodar Oblast.
